

Congratulations, Reesa Rayford!

On November 10, 2011, Reesa Rayford, Coordinator of Playgrounds and Community Centers for the MPS Division of Recreation and Community Services, retired after 25 years of service. Reesa joined our full time staff in 1987, dedicating her career to helping children and adults “Experience Life” through many enriching programs and services. Reesa, a grass roots organizer, enjoyed collaborating with Milwaukee’s community-based organizations. This interest led to the success of the Summer Stars Teen Program, which began in 1993 and continues to serve over 2,000 teens each summer. Reesa was also instrumental in the development of Milwaukee Recreation’s successful Halloween Glen, which continues to provide educational entertainment for young and old each October. Reesa always put others first. In retirement, it is our wish that Reesa puts herself first! Thank you and congratulations, Reesa!

ACTING & DIRECTING

Kids on Broadway

On this fantastic, sensational journey, you will learn basic stage direction, performance technique, sequencing, jazz, modern and creative movement; plus vocal techniques for singing and speaking. Opportunities for solo dances and vocal solos are available. This class will end with a musical revue performance.

Official Notice to Inform All MPS Parents and Employees about Asbestos Containing Materials Inside School Buildings is Hereby Given: According to the United States E.P.A., the A.H.E.R.A. Regulation requires annual notification to all employees and parents/guardians regarding asbestos containing materials inside school buildings. Management Plans specifying locations, condition, and past response actions of these materials are located in the respective engineer’s office for each site and are available for review during normal school hours as required by A.H.E.R.A. In the ongoing program to safely maintain asbestos-containing materials, MPS conducts surveillances, and 3-year reinspections, and implements appropriate response actions. If interested parties have specific questions relating to the Milwaukee Public School District policy or the scheduling of asbestos related activities planned or in progress, please contact the MPS Environmental Services Division at (414) 283-4626.

AMERICAN RED CROSS TRAINING

American Red Cross Certified Babysitting Workshop

Receive American Red Cross certification for babysitting. Learn basic First Aid, reacting to stressful situations, creative play techniques, proper nutrition and more. Dynamic All-Starz II Competitive Dance

NATIONAL AWARD WINNING Dynamic All-Starz 2 (DA2) is a year-round, competitive dance organization training to be the best in the Wisconsin region and nationally. Our dance program offers competitive teams for those dancers ready to showcase their dance skills and athletic ability. Every child age 5 -18 is welcome to join. We focus on developing and mastering the skills and techniques that are required on the competition floor. Teams train & compete in Hip Hop, Jazz, Pom, Ballet and Gymnastics. The teams will participate in local, regional and national competitions as well as local performances. Parent orientation meeting will be held on Tuesday, January, 3rd at Madison High School from 6:00 - 8:00 PM. Additional family members enrolling in dance program can have 50% off listed fees. Not eligible for reduced fees.

SCIENCE WITH DISCOVERY WORLD: KOHL'S DESIGN IT! LABS

DISCOVERY WORLD
innovation | technology | environment
It's where we're going

Discover the science of the human body through measurement and anatomy, unleash the power of nature to inspire innovative ideas, learn about cultures by examining the ways things are made, and understand the power of effective communication. After all, design is everywhere! From where we live, to what we wear, and new technologies and innovative new products that improve our lives, the world around us is filled with the magic of industrial design. Whatever you build, you take home! Every registration includes a complimentary youth pass to Discovery World.

Animal Architects

NEW (Ages 11-17) Bees and other insects are masters at using weak materials to make strong structures. Investigate the role shape plays in strength while using flimsy materials to create a collaborative project. Ties-in well with geometry, architecture, and animal units. Not eligible for free or reduced fees.

Hamilton (Ages 11-17) #32171
Sat., Feb 11, 10:00AM-11:00AM
